STUBBORN FIGHT

Another Fierce Battle Between Boers and British.

FORMER FORCED TO RETREAT

But Not Until Flower of English Army Had Felt Their Bitter Fire.

PARTICULARS ARE NOT YET KNOWN.

The Limited Information Received in an Official Message to London War Office Indicates That It Was a Barren Victory.

Durban, Nov. 27.—Sir Redvers Buller, looking the pink of health, has arrived here and immediately proceeded up the country in the governor's car. He was enthusiastically cheered by the people.

London, Nov. 27.—The war office posted the following dispatch from General Forester-Walker at Cape Town:

"Lord Methuen reports that he moved Saturday at 3:30 a. m. with the Ninth brigade, the mounted corps, the naval brigade and two batteries, the Guards following with the baggage. Near Gras Pan (about 10 miles north of Belmont, on the railway line to Kimberley,) 2,500 Boers with six guns and two machine guns opposed him. The action began at 6 a. m. Our batteries fired shrapnel very accurately till the heights seemed clear. Then the naval brigade and infantry advanced to the assault. The fighting was desperate until 10 a. m., when the heights were carried. The Boers retreated on the line, where the Ninth Lancers were placed to intercept them. The result was not known at the time of telegraphing. The artillery took immediate advantage of the enemy's retirement.

"Early in the action 500 attacked our rear guard. The brigade met this and also protected the flanks. The naval brigade acted with the greatest gallantry and suffered heavily, but no particulars are yet known.

"The enemy showed the greatest stubbornness, and must have suffered greatly. Twenty were buried. It is known that 31 were killed and 48 wounded. More than 50 horses were found dead in one place. One battery fired 500 rounds.

"Our force must halt one day at Gras Pan to rest and replenish ammunition. The force worked splendidly, and is prepared to overcome many difficulties. The naval brigade, the Royal Marines, the Light infantry and the first battalion of the North Lancashire regiment especially distinguished themselves.

"Regarding Thursday's fight, 81

Boers killed are accounted for. Sixty-four wagons were burned. A large quantity of powder, 50,000 rounds of ammunition and 750 shells were blown up. Commandant Albrecht, chief of the Orange Free State artillery, commanded the Boer artillery. General Roley was in chief command."

Letter From General Joubert.

Berlin, Nov. 27.—The Deutsche Zeitung publishes a letter purporting to come from General Joubert, and dated at Ladysmith, Oct. 27, in which the writer says: "Even if we do not succeed in preventing the concentration of General Buller's troops, the British army will be weakened from natural causes to such an extent that not more than 35,000 efficient troops, or 40,000 at the outside, can take the field. The others must be employed to protect communications. In this connection it is to be borne in mind that not only Natal, but Cape Colony, with a base of operations covering 435 miles, must be considered.

"Our bases of supply are at home and organized on the relay system in three directions. To protect these does not require 500 men. If the base should be seriously threatened, the supplies will be destroyed. A war of defense, of which we need not think for a considerable time, would present far greater advantages than an offensive war. We are at home in the highlands of the Transvaal and the Orange Free State. The British will have to contest every step under inconceivable difficulties, and must be prepared at any moment to fight on two or three fronts.

"Then will begin a guerrilla war, which the British will not be able to endure. Already we have 50,000 men in the field, so we do not need to calculate upon a rising of the Boers in Cape Colony and Natal. Nevertheless, if the British stir the natives and em-

ploy them to fight us, a rising up of the whole of Afrikanderdom is certain."

In Touch With Kimberley.

London, Nov. 27.—A dispatch from Cape Town says: "The officers, non-commissioned officers and men in the hospital at Nynberg are doing well, except a driver and a gunner, both of whom are seriously ill. Two privates have died of pneumonia. The Belmont wounded are due here by the ambulance train. Lord Methuen is in heliographic communication with Kimberley."

Wounded Arrive.

Orange River, Cape Colony, Nov. 27.—In all 107 wounded, including several Boers, have arrived here from Belmont. One of the Boers, a boy of 17 years of age, was compelled to take up arms with his father, who is a prisoner. A wounded Boer said that 20 men were selected from each Boer section to pick off the British officers. But, he added, on the advance of the British force the Boer marksmen were bewildered, as it was impossible to distinguish the officers, who wore the same equipment as the men.

Ladysmith Doomed.

Pretoria, Nov. 27.—An official dispatch from the Boer head laager outside Ladysmith, dated Friday, Nov. 24, says: "The garrison at Ladysmith is strangely quiet. The cannonade hardly evoked a response. The balloon no longer soars. The third big cannon which the Boers have baptized Suze-rainty, has been placed in position. The German officer has arrived. The Boer generals think they will encompass the fall of Ladysmith at the end of this week."

Joubert Starts For Ladysmith.

Etscourt, Nov. 27.—Commandant General Joubert is retiring from Mool river on Ladysmith.

Boers Invade Cape Colony.

Cape Town, Nov. 27.—The Boers occupied Stormberg, Cape Colony, Sunday morning.

Communication Restored.

Durban, Nov. 27.—Telegraphic communication with Etscourt has been restored.

ANOTHER VERSION

Of the Story About Metcalf Shooting an Unarmed Filipino.

Springfield, Mo., Nov. 27.—C. L. Grogan, late of Co. C, Twentieth Kansas, is visiting his parents here. Concerning the alleged killing of an unarmed Filipino by Colonel Metcalf, he says he is surprised at the statement made by Callahan, who, he says, was five companies back from where Metcalf was at the time of the killing and could know nothing of the matter of his personal knowledge. Grogan says he and five other privates were detailed to bury the dead Filipinos after the battle of Caloocan on Feb. 10. While he and a private from Co. I were at work together, they came upon the body of a Filipino with a knife in his hand, who seemed to have fallen while fighting. His companions looked at the body and said that it was the one Metcalf had shot. He said that the fellow had been taken prisoner and was unruly. Metcalf stopped to talk with him and tried to get him to go along. The Filipino sprung at him with his bowie and would have plunged it into his body had Metcalf not killed him.

Destructive Southern Storm.

Dallas, Nov. 27.—Alarming reports come from the lower gulf coast of Texas, where a severe storm has been raging. The storm was most severe in the vicinity of Rockport. A number of small vessels have been lost and hundreds of cattle have been drowned, having been driven into the gulf by the great force of the wind blowing from the mainland. Many houses have been destroyed and it is feared some lives were lost. Much uneasiness is felt for hunting and yachting parties.

Blow at Divorce.

Bismarck, N. D., Nov. 27.—The state supreme court in its decision just handed down in Graham vs. Graham strikes another hard blow at the divorce industry. It holds that residence in the state must be bona fide and characterized by the intention to stay to give the litigant the benefit of the state law. Those who come to the state for the express purpose of securing divorce do not acquire residence.

Fund Increased.

Kansas City, Mo., Nov. 27.—The general committee which has in charge the movement to bring the next national Democratic convention to Kansas City, decided that \$10,000 should be added to the \$47,000 fund already subscribed, and that 10 per cent of the subscriptions should be collected at once.

"A great many people," says the Manayunk philosopher, "must believe there's luck in odd numbers judging by the way they look out for No. 1."—Philadelphia Record.

GOEBEL'S NEXT MOVE.

Democratic Candidate and Managers Hold a Protracted Conference.

DECISION OF COURT OF APPEALS.

Judge Jones of Nelson County Sustained in His Ruling Instructing Election Officers to Correct Error.

Frankfort, Ky., Nov. 27.—A quiet Sunday brought a lull in the political situation to all outward appearances.

There was no significant development from the Goebel headquarters, though Goebel and his managers remained in conference during the day. There is a general impression outside that some important move is to be made by the Goebel side early this week, and it is generally supposed that a mandatory injunction suit to prevent the election state board from counting the vote of Jefferson, Knox and Johnson counties will be part of it, though this is not confirmed by any one in authority. It is doubtful if Governor Bradley would recognize Goebel as governor, if given a certificate of election by the state election board, unless their action was in obedience to a ruling of the court.

Neither Bradley, Taylor nor any of the Republican leaders, however, believe the court of appeals, in the face of its decision in the Nelson county case, will grant an injunction, and are more confident than ever that the state election board will give Taylor a certificate of election. In Taylor circles it is claimed that two of the three state commissioners, Ellis and Poyer, are sure to vote to stand by the vote in every county as it appears on the face of the returns.

The court of appeals, whole bench sitting, overruled the motion to dissolve Judge Jones' mandamus compelling the court in the Nelson county case. This action probably insures Taylor's election. The mandamus was issued by Judge Jones of Nelson county, compelling the Goebel election officers to correct an error in their returns by which Taylor lost 1,198 votes. The court of appeals is composed of four Goebelites and three Republicans.

Quicker Decisions Desired.

Washington, Nov. 27.—The board of United States general appraisers has submitted to the secretary of the treasury its report for the year ended Sept. 30, 1899. Particular attention is called to the fact that during the last year the board has received 21,870 protests arising under the provisions of the tariff act of July 24, 1897, and that the number of protests now suspended to await the decision of the courts on analogous issues is 41,514, of which nearly half arise under the tariff act of 1897. In 20,000 of these suspended protests, it is said, only about a half dozen issues are involved and probably not 100 issues are involved in the whole number. Disclaiming any purpose to reflect upon the delay of the courts in deciding customs cases after they have passed from the jurisdiction of the board it is suggested that it would be a most desirable consummation if a more speedy disposition of these cases could be made in the circuit court, and especially in that for the southern district of New York.

Flag From German Emperor.

Chicago, Nov. 27.—Dr. Von Holleben, German ambassador to the United States, in the presence of 2,000 Germans, presented a flag sent by Emperor William to the United German Soldiers' societies in Chicago. As the flag was unfurled, the crowd rose and cheered for several minutes, while the band played the German national air. The German ambassador called for three cheers for the emperor, which were heartily given. The spectators rose and sang "The Star Spangled Banner."

Fire in a Navy Yard.

Boston, Nov. 27.—The building used as the bending shed, one of the oldest structures in the Charleston navy yard, was destroyed by fire, entailing a loss estimated at between \$75,000 and \$100,000. The marines at the yard and sailors from the Machias and Wabash assisted the department in fighting the flames, and adjoining property which was threatened with destruction was saved.

Result of a Murderous Vow.

Pottsville, Pa., Nov. 27.—Seven Polish miners were convicted of murder in the first degree in causing the death of Joseph Rutkowski on September 24 last at William Penn, this county. The trial consumed the entire week. The jury was out all night. The murder was the result, it is said, of a vow taken by members of a Polish secret society of which the defendants were members.

ADMIRAL WATSON

Announces the Surrender of the Province of Zamboanga.

Washington, Nov. 27.—Admiral Watson has sent to Secretary Long a gratifying cablegram.

It informed him that the entire province of Zamboanga, island of Mindanao, had surrendered unconditionally to Commander Very of the Castine. The surrender was made on the 18th inst. Admiral Watson's dispatch follows:

"Nov. 18 entire province of Zamboanga surrendered to Very unconditionally. Delivery of all guns is promised. Numerous local chiefs declared their loyalty."

The information contained in Admiral Watson's dispatch was received by the president and his advisers with unconcealed satisfaction. The surrender of the province of Zamboanga is regarded as the beginning of the end of the revolution in the island of Mindanao, and, it is believed, will be a hard blow to those who are still endeavoring to maintain the insurrection in the island of Luzon.

On the 21st inst. Admiral Watson cabled the navy department that Commander Very had captured the city of Zamboanga on the 16th. He was aided by friendly natives and Moros, and was holding the town pending the arrival of reinforcements from Jolo. On the same day General Otis informed the war department that he had ordered two companies of infantry to be sent to Zamboanga from Jolo.

Zamboanga is the principal city of the island of Mindanao, which is the second largest island of the Philippine group. Advises from Admiral Watson indicate that the entire southern half of the island which comprises the province of Zamboanga has yielded to the American forces and acceded to the authority of the United States.

Americans Ambuscaded.

Manilla, Nov. 27.—Reports of ambuscades and skirmishes come from every section of the country along the railroads. Those districts seem to be filled with small bands. Four men of Co. D, Ninth infantry, were foraging beyond Bamban, when 20 Filipinos took them in ambush, killing one and capturing three. The Americans resisted for half an hour. The firing being heard at Bamban, Lieutenant Frazer, with a squad, followed the retreating Filipinos several miles. The Americans found the body of the soldier buried. They burned the hamlet where the fight took place.

Last Council of War.

Manilla, Nov. 27.—The last Filipino council of war was held by the retreating leaders at Bayambang, on Nov. 13, in the house now occupied by General MacArthur. It was attended by Aguilardo, Pio Del Pilar Garcia, Alejandino and some members of the so-called cabinet. Information has reached General MacArthur from several sources to the effect that the council recognized the futility of attempting further resistance to the Americans with united forces and agreed that the Filipino troops should scatter and should hereafter follow guerrilla methods.

Croker's Suggestion.

New York, Nov. 27.—One of the most remarkable interviews ever credited to Richard Croker is published here. Mr. Croker declares that "anti-trust" should be the battle cry of the Democrats in 1900. He points out the weakness of the Republican principles and openly declares that McKinley heads the greatest trust on earth—a trust for the political exploitation of his country and its people. Mr. Croker also says 20,000 commercial travelers are doing more good toward helping to wipe out the trust evil than the Democrats could do with \$50,000,000 a year.

Masons to Celebrate.

Washington, Nov. 27.—Arrangements have been nearly completed by the Masonic order for celebrating the 100th anniversary on December 14 of George Washington's death. The principal exercises will be held at the tomb of Washington at Mount Vernon and in front of the old residence of the father of his country. President McKinley will deliver an oration at Mt. Vernon. Masonic orders from all parts of the United States and foreign countries will be present.

A Lieutenant's Death.

Philadelphia, Nov. 27.—Lieutenant W. W. Williams of Asheville, N. C., died in the Medico-Chirurgical hospital here from shock consequent upon an operation. Lieutenant Williams was a volunteer in the Philippines and was shot in the neck during an engagement. The army surgeons sent him to this city and an operation was performed.

South McAlester, I. T., Nov. 27.—On account of the prevalence of smallpox in the Indian territory, the postmaster general has ordered the mail fumigated at various offices.

NO GENERAL TREATY.

Only an Understanding Desired by the United States With Other Powers

TO PROTECT OUR RIGHTS IN CHINA.

In View of Satisfactory Utterances of M. Delcasse on the Open-Door Policy a Successful Outcome Is Expected.

Washington, Nov. 27.—In official and diplomatic quarters much interest was manifested in the plan put forward in London cables of a treaty among the great powers defining spheres of influence in China.

That anything in the shape of a formal treaty is to be made between the powers interested in the future of China as the outcome of the negotiations now in progress, is not believed here, though an understanding of a less formal nature is possible. These negotiations followed the frank request of Secretary Hay upon some of the governments which had already given him verbal and informal assurance of the continuation of all our treaty rights in Chinese territory to have these agreements reduced to form.

It was not regarded as necessary to go beyond that point, and although it frequently occurs as the result of initiating negotiations that the sphere is broadened far beyond anything originally contemplated, it is believed that such will not be the case now, and that there will be no necessity for a general and formal treaty. It would be extremely difficult to frame any such convention so as to secure the approval of the United States senate without a protracted struggle that might disclose disagreeable weaknesses in the government's policies, and, besides, the effort would be sure to arouse opposition from the considerable element in the United States which is unalterably opposed to any sort of foreign entanglements. Of course this statement applies only to the United States, and there could be no objection on our part to the other powers joining in a treaty covering foreign rights in China provided there was nothing in the agreement obnoxious to our just and proper claims.

On the whole, having in view the highly satisfactory utterances in the French chamber of M. Delcasse, the French minister of foreign affairs, respecting the maintenance of the "open door" in China, there is felt in official quarters to be reason for expecting a successful outcome of the negotiations on this subject opened in the United States.

The Chinese legation views the proposition as purely conjectural, and the Chinese minister, Mr. Wu Ting Fang, when his attention was directed to the matter, regarded it as preposterous.

"This is about the most refreshing suggestion we have had of late" remarked Mr. Wu. "What! Can it be seriously proposed that a document shall be formally drawn up concerning interests in China, and China shall not be a party to it?"

UTTERLY ROUTED.

Were the Fleeing Dervishes by the Anglo-Egyptian Force.

Cairo, Nov. 27.—Lord Cromer, the dispatch from General Kitchener has been received by the British minister here:

"Wingate's force caught up with the khalifa's force seven miles southeast of Godid and attacked it. After a sharp fight he took his position. The khalifa, who was surrounded by a bodyguard of Emirs, was killed and all the principal Emirs were killed or captured except Osman Digna, who escaped."

"The Dervishes were utterly defeated, their whole camp was taken and thousands surrendered. A large number of women, children and cattle also fell into the hands of the Anglo-Egyptian force."

WEATHER FORECAST FOR KENTUCKY.—Showers to day; Tuesday fair; northeasterly winds becoming variable.

NOTWITHSTANDING the warning given through these columns about pensioners squandering their allowances for drink, one of our correspondents writes that he hears of several cases where the Government stipend was shamefully expended. Such cases should have the attention they deserve.

HICKMAN County Democrats held a mass-meeting at Clinton and adopted resolutions denouncing Gov. Bradley and favoring the impeachment of Judge Toney. If Judge Toney forced election officers to sign certificates which they knew and declared to be false, he ought to be impeached.

GLASS TRUST PRICES.

"Among the many trusts which levy heavy tributes upon every home, the glass trust has been called, perhaps, the most corrupt," says the St. Louis Republic. "It is one of the most persistent and extortionate of the monopolies that have been nourished into giant strength by the Republican system of protection, and is using its strength for purposes of robbery with all the brutal tyranny of a giant."

"During the last three years its profits have been enormous. It is said to have made \$700,000 in 1896, \$1,750,000 in 1897, \$2,100,000 in 1898 and expects to make still larger profits in 1899. On an average the prices for glass products during the last three years have been double what they were during the three previous ones."

"Instead of the *dearest* we should have the *cheapest* glass in the world. We have the best and the cheapest sand or silica and the best and cheapest fuel and lumber. Soda ash and lime are nearly as cheap here as in Belgium, though the soda ash producers derive some benefit from protection. Two-thirds of the cost of making glass, not counting the labor cost, is for fuel. Not only have we cheaper fuel than Belgium, but about twenty years ago natural gas, the best fuel known for making glass, came as a godsend to our manufacturers. With practically free gas this country should have become the chief seat of the glass industry. That it did not do so is clearly due to the Republican system of protection."

"For window glass alone we have paid in the last twenty years about \$100,000 more than we would have paid had there been no duty on it."

His Modest Luncheons.

"The ordering of my luncheon used to be a great nuisance," said a lawyer yesterday. "I would go into a cafe, perhaps pretty hungry, but two or three minutes' study of the huge menu would put me in an uncertain, irritable mood, and no matter what I'd order I wouldn't enjoy it on account of the thought that I might have ordered something different and better. It was like going into a public library to read. With so many books there, it is impossible to sit down and read one book contentedly, as you can at home. But now I have an arrangement that makes my luncheon a joy. I said to my waiter one day:

"What I eat here at noon costs me, on the average, \$1.25, and my average tip to you is 20 cents. Now you ought to know what a nice luncheon is better than I do, so I make you this proposal: Serve me every day a lunch of my usual number of courses, and whatever under \$1.25 it costs you can keep."

"The waiter jumped at that. He brings me every day now a better meal than I would think of ordering myself, and he makes from 20 to 30 cents by keeping down the price. It is a splendid scheme, and I wonder why I never thought of it before."—Philadelphia Record.

They Don't Know Nerves.

Those who know the Chinese best have been particularly struck with their absence of nerves. The foreigner fidgets, the native sits still; balmy sleep, especially in hot weather, will resist the foreigner's sweetest wooing, while to the native lying on a heap of stones or across the bars of a wheelbarrow she comes as a matter of course; we need constant change and variety, they would find contentment and rest on the treadmill.

"It would be easy," says Mr. Smith, "to raise in China an army of 1,000,000 men—say, 10,000,000—tested by competitive examination as to their capacity to go to sleep across three wheelbarrows, with heads downward, like a spider, their mouths wide open and a fly inside!"

From which it is evident, says The North China Herald, that in a crusade against noise we can hope for no assistance from our native fellow townsmen, but instead a great amount of *vis inertiae*, if not positive opposition.

A MISSOURI JUDGE

Scores State Governors for Pardoning Murderers.

[Kansas City (Mo.) Cor. St. Louis Globe-Dem.] In sentencing L. V. Moore to ninety-nine years in the penitentiary, Judge John W. Wofford, of the Criminal Court, to-day made some remarkable statements. He said, among other things:

"When you go down to the penitentiary behave yourself, and some fool Governor, who wishes to distinguish himself for philanthropy, benevolence and kindness, may pardon you. Yours is an extraordinary case, and some Governor may think he can become distinguished by pardoning you. Therefore the jury did you a great benefit not to hang you. They have given you a chance to be pardoned."

"We have had examples lately of Governors seeking to become heroes by pardoning murderers and criminals in this State. The hero factory has been working overtime in the last eighteen months. If a man can become a hero by wading a river with the water up to his shirt tail, why can't a Governor become a hero by pardoning you?"

IN FAVOR OF TAYLOR

Was the Decision of the Court of Appeals Saturday in the Nelson County Election Case.

The Court of Appeals Saturday sustained the action of Circuit Judge Jones in requiring the Nelson County officers to certify the W. T. Taylor votes for W. S. Taylor.

No opinion was handed down, the motion to dissolve Judge Jones' injunction simply being overruled.

The court was not unanimous, two of the Democratic Judges refusing to concur.

The Democratic members of the Nelson County board Saturday signed the certificates, but will send a protest to the State Election Commissioners.

Since the Appellate Court decision some of the Democratic leaders talk of resorting to injunction proceedings to prevent the counting of the vote in contested counties by the State Board.

DON'T WANT DEMOCRATS.

Dispicable Action of the Republican Administration in Regard to the State Militia.

LOUISVILLE, KY., November 25.—The Forrester State Guards of Pee-wee Valley were mustered out last night, and as a result a hornets' nest has been stirred up.

A majority of the forty members are Democrats, and they say it was a partisan move on the part of Governor Bradley to get rid of them.

The reason offered by Captain Dixon, the new Assistant Adjutant General, is that two of the company's officers had removed from Pee-wee Valley, and it was disorganized.

The members of the company say that when the officers removed they resigned, but their resignations were never accepted, thus making it impossible to fill vacancies.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from frightful death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvelous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular sizes 50 cents and \$1. Trial bottles free at J. J. Wood & Son's drug store every bottle guaranteed.

At Millersburg George Stoker sold his crop of 25,000 lbs. tobacco for 8c. all around to Joseph Booth; G. T. James sold his to E. P. Clark for \$9.70 per hundred.

ELDER WM. WOOD, pastor of the Christian Church at Mt. Olivet, has received a call from the church at Harrisonville, Mo., but has not as yet accepted, as he contemplates preaching in Kentucky another year.

THE union Thanksgiving service this year will be held at the First Presbyterian Church Thursday morning at 10:30 o'clock. Rev. H. T. Cree was selected to preach the sermon but as he is engaged in a revival meeting at his church he has asked that some one else be chosen.

THERE never was a time that you will have as little trouble selecting a bridal present as now if you visit Murphy, the jeweler's store and see his stock. The greatest variety of goods and the low price that he has marked his stock will appeal to your judgment. See his stock and learn prices before making any purchases.

REV. FATHER DE WAGENAEER, who has been assistant pastor of St. Patrick's Church the past year and a half, will leave in a few days for Mt. Sterling, where he goes to take charge of the church. While his many friends here are pleased with his promotion they regret to know that he is to leave. The BULLETIN joins with his host of friends in wishing him well in his new field.

WINCHESTER was selected as the place of the next meeting of the Daughters of the Confederacy of Kentucky. The following officers, composing the old board, were re-elected: President, Mrs. Basil W. Duke; Vice President, Mrs. M. Harrison, Lexington; Corresponding Secretary, Mrs. W. E. Grant, Louisville; Treasurer, Mrs. Mitchell, Bowling Green; Recording Secretary, Mrs. Mabel C. Jones, Franklin.

MR. FRANK PIERCE, the old veteran who died at Dover recently, served in the Second Kentucky Federal Cavalry under Col. Joseph T. Forman. He and the late Thornt. Thomas were great cronies during the service, and could clean out a regiment of wild cats. Thomas was the man that whipped a steamboat crew on one occasion at Dover and then called for more, an account of which appeared in the BULLETIN a short while ago. The old soldiers are fast responding to the last bugle call.

THERE were three more additions Sunday to the Christian Church, two of them by confession. Large audiences were present at both services, the house being crowded at night. The pastor preached at both services, the morning sermon being an earnest and eloquent plea for a broader and more zealous work on the part of the members of the church in bringing sinners to Christ. Paul's triumphant words, "I have fought a good fight, I have finished the course, I have kept the faith" were the text of the sermon at 7 o'clock. Preaching tonight at 7 o'clock, and beginning to-morrow there will be services at 10:30 a. m. and 7 p. m. until further notice. The public cordially invited.

River News.

Mr. Harry M. Crawford of the West End has resumed his position on the City of Cincinnati.

Steamboat packet men fare in arms against Engineer A. M. Scott, of Charleston, W. Va., who has charge of locks and dams on the Kanawha river. They claim Scott drains the pools, and as a result, the packets are compelled to lie idle for days, at great expense.

The Court of Appeals in an opinion by Judge White, reversing a decision from the Warren Circuit Court, held that the courts of Indiana have no jurisdiction on the Ohio river. The case was one in which an Indiana court process had been served on a defendant on board a steamboat on the Ohio.

The Pomeroy boats will take their places in line, commencing with the Stanley to-day, Sunshine and Bonanza to follow. All the boats in each one of the lines have been thoroughly overhauled, some of them entirely repainted, newly carpeted, and, in fact, now are in better condition than they have been for many a day.

THE charge against James E. Beckett for obtaining money under false pretenses was dismissed Saturday by the grand jury.

No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate the stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50c. at J. J. Wood & Son's drug store.

OAKWOODS.

Mr. Charley and Miss Jennie Browning entertained quite a large number of young folks at their home Monday eve Nov. 20th, in honor of Mr. John Applegate and Mr. Scott Young, of Fern Cliff. Music and dancing until a late hour.

GERMANTOWN.

The bank building is completed and ready for the furniture, but will not be open for business until the first of January, 1900.

Mrs. Armstrong and daughter, Florence, of Hillsdale, will build a residence south of town. A. P. Youngman has the contract.

Farmers are busy stripping tobacco. This is a favorable point for two enterprising traders, as there are plenty of vacant warehouses and a large and fine crop of tobacco in this region for sale.

In company with other friends your correspondent enjoyed a delightful day and an elegant dinner at the home of Mrs. Robbie Pollock on Thursday, given in honor of her relatives Mrs. Angus Wood, of Mason County, and Mrs. Inskip, of West Virginia. Mrs. Wood is enjoying a visit by her father who arrived on Thursday from his home in West Virginia and will spend most of the winter in Kentucky.

Birth-marks which mark and mar the outside of the body are a grief to every mother whose children may bear them. But for every child who bears a birth-mark on the skin there are many who bear an indelible birth mark on the mind. Nervous mothers have nervous children and many a man and woman owes an irritable and despondent temperament to those days of dread when the mother waited the hour of her maternity. The use of Dr. Pierce's Favorite Prescription strengthens the mother for her trial.

With strength comes a buoyancy of spirits and quietness of mind, which is one of the happiest gifts a mother can bestow on her offspring. By giving vigor and elasticity to the delicate womanly organs "Favorite Prescription" practically does away with the pain of maternity and makes the baby's advent as natural and as simple as the blossoming of a flower. There is no opium, cocaine or other narcotic contained in "Favorite Prescription."

Photograph of Madonnas.

Indianapolis, Ind., Nov. 27.—A composite photograph of all the greatest Madonnas painted by the old masters during 300 years has just been made by Joseph Gray Kitchell of Indianapolis, after many months' work. The face is marvelously beautiful, perhaps the highest type idealized by man.

Wind Producers Combine.

New York, Nov. 27.—A series of meetings of the electric fan manufacturers of the country has been held at the Imperial hotel during the past week, and it has been decided to establish a permanent organization under the title of the American Association of Electrical Fan Manufacturers.

Another Bank Robbery.

Bluff City, Kas., Nov. 27.—Robbers touched off a quantity of dynamite that wrecked the safe and the front end of the State bank here, and escaped with \$1,000 in gold besides some silver and bills. This is the eighth Kansas bank to be robbed by safe-crackers within three weeks.

Vile Caricature of Queen Victoria.

Paris, Nov. 27.—The anti-English caricatures in connection with the Transvaal war culminated in a grossly obscene drawing insulting Queen Victoria in La Caricature, entitled "English Correction." The police seized the edition, probably as the outcome of the British embassy's representations.

The Way Out.

"So you refuse to give me the money?" said the prodigal son.

"Not another cent do you get," replied the stern parent.

"Then here goes," said the youth as he seized a silver mounted pistol from his father's desk.

"Unhappy boy!" cried the old man, "would you take your life?"

"No," replied the son, "I'm going to loan this to my 'uncle.'—Chicago News.

STRIKE AVERIED.

Detroit Streetcar Troubles Will Be Settled by Arbitrators.

Detroit, Mich., Nov. 27.—Existing differences between the Detroit street railway employees and employers will be settled by arbitration. A decision not to strike was reached at a meeting of the men, at which more than 900 of them were present. The session was protracted and heated. The company has selected Samuel Lee, chairman of the National Executive Board of the Employers' association, as its arbitrator; the employees chose President Dill of the local union. These will select a third. The company raises no objection to employment of Detroit union men upon suburban cars while in the city.

Cherokee Treaty Resurrected.

Tahlequah, I. T., Nov. 27.—After killing the late Cherokee treaty on Friday, the Cherokee council took it up again and passed the bill, extending the time for ratification by congress and asking that body to make certain changes in the document. It will now go to the senate, where it failed. It is stated on apparently good authority that Chief Buffington will veto any action of the council that will change any part of the treaty.

Action Against Cattlemen.

South McAlester, I. T., Nov. 27.—Prosecuting Attorney Soper has received peremptory instructions from Washington to begin at the earliest possible date to take action against cattlemen for bringing herds into the Creek country. These cases have been hanging fire for some time. The legal contest will be one of the most interesting in the annals of the Indian territory.

Silver Men Confer.

Chicago, Nov. 27.—Senator R. F. Pettigrew of South Dakota and ex-Congressman Charles A. Towne of Minnesota, members of the national executive committee of the silver Republican party, are in Chicago. A conference of the executive committee of the party will be held here Tuesday, at which plans for the coming presidential campaign will be discussed.
